

LEAF

Learn biodiversity through
Environmental Action For the community

Project N°: 2022-1-RO01-KA220-SCH-000086884

l e a f

Learn biodiversity through Environmental Action For the community (LEAF) is an Erasmus+ project aimed at raising awareness about biodiversity conservation in secondary schools through a service-learning approach.

Our project is ending soon!

Final TPM in Belgrade

The fourth meeting of the coordinators of the Erasmus + LEAF project took place on September 26 and 27 in the Belgrade. The meetings were attended by project coordinators from all six countries participating in this project. The meeting in Belgrade is the last meeting within this project, which ends in December this year.

Final conferences

01 The partners from Romania have already held a final conference, where they presented the project, our achievements so far, and the materials we have developed.

02 The remaining partners will hold their conferences by the end of the year. Join us! For more information, check out our social media as well as the social media pages of our project partners.
